New Colonial Front Replaces Old Design On Gettysburg Times Building

The photograph on the left shows the front of The Gettysburg Times building on Carlisle St. a few days before workmen started tearing out the old structure to erect a beautiful colonial design front, said by the architect and contractors to be one of the finest in the east. The photograph shows the old business office at the extreme left, the news or editorial room in the center and the former Thompson Ladies' Ready-To-Wear Store at the right.

The photograph on the right shows the completed work, the entire front converted into a colonial design with one main entrance. The large lettered sign, patterned after the front page masthead of the daily newspaper, graces the front of the building. The news or editorial room is at the extreme left. The commercial printing, circulation, business, auditing and classified and display advertising departments occupy the center and right rooms. The proofreading rooms are in the rear of the new center section.

An "open house" for the public is planned for sometime after New Year's Day.

Judge Sheely Is Named To Extend "Welcome Home" To President And Family

Judge W. C. Sheely was named to extend Adams County's welcome to President and Mrs. Eisenhower and their son and daughter-in-law, Major and Mrs. John Eisenhower, when they come home for the holidays. Judge Sheely was the unanimous choice of the county's official welcome home committee at a meeting held Monday evening at the Hotel Gettysburg.

The bands of the high schools in Gettysburg, Biglerville, New Oxford, Fairfield, Littlestown, York Springs, East Berlin and Delone high school, McSherrytown, are being invited to participate in the welcome which will take place in Lincoln Square on the day of the arrival of the President and his family.

A platform will be erected in Lincoln Square for the ceremonies which the committee decided will be strictly local and brief.

"It is not intended that this be an occasion of national significance. It is intended, however, that the genuine feeling of 'welcome home' that is in the hearts of all Adams Countians will be conveyed to the President and his family along with the appreciation that is genuinely felt for his arduous trip and strenuous efforts in behalf of world peace," the committee stated.

"Outstanding Event"

"The President's mission and his long tour is one of the outstanding events in world history. It affords his neighbors, on his return here with his family, the opportunity to say 'welcome home' to folks who have been wonderfully good neighbors and to say thanks for a stupendous task well done."

Arrangements were made by the committee to ascertain the President's plans for the holidays at the earliest possible moment after his return to Washington this evening.

As soon as the date and time of his arrival in Adams county is known, word will be flashed to the officials of the boroughs of the county and arrangements for the welcome ceremony, as now planned, will be placed in motion.

The committee in charge comprise the commissioners of Adams county, the burgess and president of council of each of the boroughs of the county, Crosby Hartzell, clerk to the commissioners; Paul L. Roy, editor of The Gettysburg Times, with General Willard S. Paul and Henry M. Scharf as co-chairmen and Judge Sheely as honorary chairman.

ST. JAMES TO OFFER SPECIAL HOLIDAY MUSIC

Two guest musicians will assist in the annual Christmas Eve Candlelight service at St. James Lutheran Church Thursday night at 11 o'clock. Miss Ann Holcombe, York, a student at Gettysburg College, and a well known harpist, will play several selections. Mrs. Barbara Wagner, Camp Hill, will sing solo parts in the service. Mrs. Helen P. Bollinger, a member of the Senior Choir, will also serve as soprano soloist.

The organist, Miss Elizabeth Sheffer, will begin an organ recital at 10:30 o'clock playing the following selections: "An Old English Carol," arranged by Wilson; "Herald Angels," by Dinelli; "Noel Languedogien," by Guilmant; "Christmas Pastoral," by Matthews. A trumpet solo, "O Holy Night," will be played by Edward Hughes.

"A Ceremony of Carols," by Benjamin Britten, a contemporary British composer, will be sung by the senior choir. The "Ceremony of Carols" is a choral variation of numerous old English carols and is the result of an attempt to maintain the simplicity and fervor of religious feeling so often lost in modern adaptations of Christmas carols. This composition of eleven parts is an example of the combination of tradition and fresh imagination.

The junior choir will sing two carols: "The Carol of the Birds," a French carol, and "The Carol of the Friendly Beasts," of early French origin. Junior choir soloists will be Scott Shields, Cynthia Wieder, Harold Ford, Jessie Mc-

ROTARIANS ARE HOST TO WIVES

The story of "The Other Wise Man" was related by Mrs. George Ellis Reimer, Harrisburg, at the annual ladies' night Christmas party held by the local Rotary Club Monday evening at the Hotel Gettysburg.

Mrs. Reimer told the story of a fourth wise man who because he stopped to aid the sick and the hungry, and those in trouble, never quite "caught up" with the other wise men, nor in 33 years of wandering did he ever quite arrive at the right spot on time to see Christ. But at his death he was told that he had fed, clothed and housed Christ throughout the 33 years because "what-ever you do to these, the least of my brethren, you do unto Me."

Attorney John A. MacPhail, president of the club, presided at the dinner session with 100 present. Dr. Harold Dunkelberger led singing of Christmas carols accompanied at the piano by Dr. Kenneth Smoke.

President MacPhail announced that next Monday evening at 6 o'clock the club will dine at the Gettysburg College dining hall after which they will go on a tour through the new Student Union building.

Miss Theresa Cocklin, Shippensburg, will sing the soprano recitatives of the angel songs and "Come Unto Him." Other solos will consist of "He Was Despised" sung by Mrs. Reginald Deitz, and "The People That Walked in Darkness" by Dr. John Schwartz.

The choruses by the choir will include the following: "And the Glory of the Lord," "Glory to God," "Behold the Lamb of God," "And With His Stripes We Are Healed," "Since By Man Came Death," and "Hallelujah."

Half A Million Happy Moroccans Give Eisenhower Thunderous Ovation, Tray Of Dates And Pitcher Of Goat's Milk

By RICHARD K. O'MALLEY
CASABLANCA, Morocco (AP)—President Eisenhower arrived in this gleaming white North African city today to a thunderous welcome from more than half a million happy Moroccans.

Arriving in Casablanca for the last stop on his 11-nation peace tour, the President was presented with the traditional Arab greeting of dates and goat milk.

Tens of thousands packing United Nations Square cheered as the president grinned and waved in appreciation of the silver tray of dates and the pitcher of milk.

Then the Eisenhower motorcade continued from the square down the Avenue of the Royal Armed Forces, packed 10 deep with screaming, cheering Moroccans.

Thirty motorcycle police escorted the American visitor into Casablanca.

Moroccan women in veils shrieked "Yoo, Yoo," the traditional Moroccan shout of excitement.

The President, arriving from a whirlwind visit to Madrid where his welcome was similarly enthusiastic, rode through the city in an open car beside King Mohammed V. Both were standing.

Wearing a broad grin, the President waved his hat to the shouting thousands of Moroccans, many in the burpees and colorful robes characteristic of the country.

The president frequently extended his arms in greeting. When he did so, the crowd seemed almost to go wild with joy. It thundered approval when the President clasped his hands above his head in a gesture of friendship.

King Welcomes Ike

Morocco's King, who wants more American aid but wants the U.S. to give up its bases here, turned out to greet Eisenhower at the airport.

The dense crowds slowed the motorcade's progress, and the president was about a half hour behind schedule on the trip to the

royal palace.

Driver Skids Into Field; First Snow

A woman from Georgia saw snow for the first time early this morning but is not certain she likes the "stuff."

Swope's Atlantic service station was called at 2 o'clock this morning to rescue two cars that had skidded off the Harrisburg Rd., near Heidlersburg.

When the tow truck arrived, its driver found one car off the right side of the road, another off the left, within about 20 feet of each other. Both had been headed north. The tow truck helped the vehicles return to the highway.

The woman operator of one of the cars said she was from Georgia and this marked the first time she had ever seen snow outside of pictures. The tow truck attendants then gave her some hints on how to operate cars on icy highways to avoid further skids into fields.

Guy Gross, Third Fugitive From County Jail, Gives Up; Says He's Back From Texas

Guy E. Gross 23, Gettysburg R. 1, one of the three prisoners who escaped from the Adams County jail December 6, was back in prison here today.

FIRST DAY OF WINTER FINDS COUNTY WHITE

The weather man provided a seasonable setting for the first day of winter today and set a lot of folks to talking about prospects for a white Christmas.

Snow flurries that had started early Monday afternoon continued until 8 or 9 o'clock in the evening and accumulated up to two inches of the white stuff which made roads slippery and called out the full snow removal crew of the state Highway Department here.

The mercury dipped to 21 degrees overnight at The Gettysburg Times weather station but a bright sun sent temperatures up by the time winter officially arrived by the almanac — 9:35 o'clock this morning.

Cinder Trucks Sent Out

Superintendent Clyde O. Gerber sent the first cinder trucks to Mt. Newman Monday afternoon at 2 o'clock but by 4 o'clock 28 trucks had been dispatched to chip hills, curves, intersections and approaches to grade crossings.

Going was slippery for traffic overnight and, while there were numerous reports of cars skidding off roads, no serious accidents were reported in the county. By noon today most highways were clear and state Highway Department trucks were completing their job.

No drifting was reported in this snow and the utility companies had no line troubles, a welcome change from the last snow of December 6 and 7 when wet snow clung to wires and trees and telephone and electric lines came down by the score in many parts of the county.

7 Inches In State

A seven-inch snow storm ushered in the winter season in Pennsylvania, the Associated Press said.

The snow, accompanied by sub-freezing temperatures, forced closing of many schools throughout the commonwealth and made driving hazardous.

Weatherman's Apology

Most main highways, salted and cindered, were passable, but secondary arteries were clogged. The

PROGRAM ON AIR

The annual Christmas program of Gettysburg High School will be broadcast by WGET Wednesday afternoon at 2:30 o'clock.

Gross surrendered to Sheriff Dawson Miller and state police at a gasoline station along the Emmitsburg Rd. Monday evening.

His two fellow escapees, Johnny Paul Washam, 26, of San Antonio, Texas, and Edgar Allen Golden, 24, of Galveston, Texas, were captured last week in Virginia and are in prison there at the present time.

To Texas And Back

Sheriff Miller said "someone" called the sheriff's office at the jail about 6:30 o'clock and said that Gross would be waiting for the sheriff and officers at the gasoline station and "wished to give himself up."

Police arrived at the Fitzgerald service station, just inside the Pennsylvania line, about 10 minutes later and Gross was calmly awaiting their arrival. He had walked into the station and had asked someone there to place the call to the sheriff for him.

Returned to the county jail, Gross told a story of wandering as far as Texas before making up his mind to return to prison. He told the sheriff that Washam and Golden had "talked him into" joining them in the escape effort.

Sheriff Miller said Gross told him he cut his hand badly when he climbed the barbed wire atop the heavy wire fence outside the cell block which he had to cross to make his escape. He said he had his hand treated by a Virginia physician and that five stitches were needed to close the wound.

Stole Kunkel Car

Gross said, according to the sheriff, that he was separated from his companions as soon as he crossed the fence.

Gross told the sheriff that the three had planned to go "to the college" area to steal a car.

After running across the field from the jail, Gross saw no sight of the two other men and continued across fields, down along Rock Creek until he came to Warren Chevrolet Garage. There he looked around the lot and discovered the car of A. S. Kunkel, S. Howard Ave. Kunkel had taken his auto to the lot and left the keys in it so that garagemen could service the vehicle the next morning.

Borrowed \$5

Gross said he drove to Emmitsburg and sought dry clothing at the home of relatives in Emmitsburg. They refused him admission to their house and called police.

Gross said he then went to the home of a friend and succeeded in borrowing five dollars. He then

SELL SHARES
AGAIN AT GHS

The three-year-old foreign exchange program of the Gettysburg High School is being supported once again by purchases of "good-will shares" by the students and faculties of the junior-senior high schools.

The senior high school pledged 1,621 shares and the junior high school pledged 2,171 shares at recent assemblies. At 25 cents a share, this represents a total of \$905.50. This amount will go toward a \$1,400 fund to sponsor a two-way exchange of students.

James R. Feather, faculty chairman, is heading a campaign to raise additional funds for the program. Persons wishing to participate in the program may do so by contacting the chairman or a student.

During the last two years foreign students included Dietz Borowski, a German student, and Mari Braaten, a Norwegian student. Masako Kajimura, a Japanese student, is currently attending the high school under the program.

Before final action can be taken in arranging for next year's student a sponsoring home in Gettysburg must be obtained. Persons interested in sponsorship should contact Mrs. LeRoy LeVah, R. 1, American "mother" for Mari Braaten last year. Additional inquiries may be made to Mrs. Charles A. Smith, general chairman of the American Field Service committee composed of seven adults and 11 students in charge of administering the foreign-exchange program at the school.

Flew From Madrid

Eisenhower flew from Madrid after discussing the world situation with Spain's Generalissimo Francisco Franco at breakfast in Franco's Pardo Palace. That was the windup of a visit that drew about a million Spaniards out in raw wind and a cold rain Monday to roar "Viva Ike."

A 502-mile jet flight landed the President 15 miles south of this sprawling Atlantic seaport at the Nousseur Air Base, one of five big U.S. installations which the State Department has agreed the United States will give up.

King Mohammed V and the head of his leftist-influenced government, Premier Abdullah Ibrahim, welcomed Eisenhower.

Sentries Guard Palace

In Casablanca, sentries in scarlet pantaloons and blue turbans stood rigidly at the high Moorish gates of the 25-foot walls about the buff-colored palace.

Following his arrival at the palace, Eisenhower was to rest 90 minutes, then join his host for an hour's luncheon. They arranged a private conference from 3 to 4 p.m. Then the President was to return to Nousseur for his flight home. One refueling stop was scheduled on the way, at Gander, Nfld.

To Surrender Bases

The United States has agreed to surrender the five American bases it built in Morocco at a cost of more than 400 million dollars while Morocco was a protectorate of France and Spain. They are staffed by 14,000 Americans, employ 8,000 Moroccan civilians and pour about 64 million dollars annually into the Moroccan economy.

While this will satisfy a Moroccan yearning for political and military independence, the departure of the U.S. forces will worsen

drove toward Virginia.

Sheriff Miller said Gross insisted he never saw Washam and Golden after escaping from the jail here. According to Gross's story, after he, Golden, Washam and Earl L. Miller, of Spry, overpowered Turnkey William E. "Johnny" Knox, Gross was assigned the task of going into the sheriff's office and was to "tackle" the sheriff. The plans of the men called for them to overpower the turnkey, the sheriff and the trustees, and lock them all in the cell block, then leave after securing what they could from the office of the jail.

Gross said that when he entered the office and did not find the sheriff there he immediately bolted for a door leading out into a yard, climbed the fence and took off.

Used Credit Card

While Gross insisted he had no connection with Golden and Washam after escaping, his use of Kunkel's credit card, which he found in the car, helped locate the two other men.

When the credit card was used in an attempted purchase of a battery in Virginia, the service station operator there contacted the nearest office of the credit card issuing company. They in turn called Gettysburg. State police here notified Virginia police who at the moment were searching for a stolen car and the location of the station where the credit card was presented led them to an area in which they found the two other men.

Abandoned Car in Ohio

Gross said he used the credit card to drive through much of the south, into Louisiana and then into Texas. From Texas he drove

an economic situation that has become grave in the first three unsteady years of independence.

Given \$102 Million

So far Morocco has received 102 million dollars in U.S. economic aid. Much more is needed to provide work for 350,000 unemployed and develop the country.

The prestige of Eisenhower's visit may help King Mohammed shore up a taut political situation. Although the King is enormously popular with his nine million subjects, the leftists have raised an increasing clamor against his absolute power.

He holds supreme civil and religious authority. Morocco theoretically is a constitutional monarchy, but no election has ever been held.

Spain's welcome gratified Eisenhower. White House press secretary James C. Hagerty said the President was completely overwhelmed by the warmth and size of the reception given him in Madrid.

Girl Scout News

Intermediate Girl Scout Troop 44 entertained Intermediate Troop 22 at a Christmas tea Saturday afternoon in the dining room of St. James Lutheran Church. Each girl received a Christmas corsage and a favor of a snowman with a candy umbrella. Games were played and refreshments served. The leaders from Troop 22 were Mrs. William Musser and Mrs. Jules Swope. The committee members of Troop 44 were: Mrs. Harold Bucher, Mrs. William Zhea, Mrs. John Reimer, and Mrs. John Caldwell. Mrs. Arthur Phiel and Mrs. Walter Johnson were the leaders.

For their Christmas project Troop 44 collected robes for the Adams County Home and visited Pape's Convalescent Home where they distributed gifts to the patients and sang carols.

Intermediate Girl Scout Troop 75 met in the parish house of Christ Lutheran Church Friday afternoon for the observance of a Christmas program. Assembled around a Christmas tree, the girls sang carols. Six of the girls, accompanied by Mrs. Rex Maddox, visited the Cruze Nursing Home. The girls sang carols and presented the ladies with gifts they had made at meetings.

When the girls returned the troop was presented with gifts of troop crests and key chains given by the leaders, Mrs. Rex Maddox, Mrs. Frank Bruner and Mrs. William Bigham.

north, arriving eventually in Bryan, Ohio.

The returned prisoner told the sheriff that he abandoned the Kunkel car in Bryan, Ohio, and then hitched rides on trucks to Harrisburg.

At Harrisburg he found a friend who planned to drive south and rode with him through Chambersburg to Zora. At Zora he left the friend and walked to Emmitsburg, and went to the home of an uncle late Monday afternoon "to get something to eat." He was told to give himself up. He walked out to the service station where the call to the sheriff was made.

Sheriff Miller said today that so far he has had no word from Washam and Golden as to how they left Gettysburg. It is planned in the near future to go to Virginia to question the men. They are being held in Staunton, Va., jail facing charges of larceny of a car in Staunton and burglary of a schoolhouse, at Harrisonburg, Va., from which they allegedly stole food and clothing.

Make Progress With Oil Leases

Leasing of acreage in York and Adams Counties for oil prospecting purpose is 80 per cent complete, despite obstacles attributed to the area residents' unfamiliarity with the manner in which oil fields elsewhere in the nation have been brought into production.

Henry F. Thomas, R. 3 and former Oklahoma oil engineer, who has been heading up the effort for the second time in the last quarter century, said today:

"Our leasing has progressed very satisfactorily and is about 80 per cent completed. However, after our present terminated the leases we accept will provide a one-sixteenth royalty instead of the one-eighth royalty in leases now being negotiated."

The 10-year leases now being offered, he said, provide for a rental of 50 cents per acre annually while they are in force, with the one-eighth royalty to be paid on the proceeds of any eventual production.

Out Of The Past

From the Files of the

FIFTY YEARS AGO

Remarkable Trio Broken: By the death of John C. Steigers on Baltimore street, this morning, the remarkable trio living in the same house is broken. Their ages aggregate 274 years. Mr. Steigers was aged 86 years; his sister, Mrs. H. J. Brinkerhoff Sr., is aged 88 years and her husband 97 years. The three remarkably preserved people have been living together at the home of H. J. Brinkerhoff Jr.

Improvement: J. B. Wineman is having a railing placed around the roof of the awning in front of his store on Centre Square converting it into a second story porch.

Band Music From Cupola: On Christmas morning at 5:30 o'clock six members of the Citizens' Band will play from the belfry of St. James Lutheran Church a number of Christmas hymns, among them "Joy To The World," "As With Gladness Men of Old," "Come Hither Ye Faithful" and "Silent Night." A Christmas dawn service will be held at the church at six o'clock.

Local Pool Room Robbed: The pool room of Reuben Slentz at the rear of the Hotel Gettysburg was entered early this morning and the slot machine removed, the party or parties taking it down the alley and getting all of the money with the exception of 15 cents.

The room was open until after midnight and entrance was gained afterward through breaking out a piece of pasteboard which had replaced a broken pane of glass. It was easy then to work the lock and place was open to the thief.

Again Expects Bars To Close: President Judge S. McC. Swope this morning stated to a representative of The Times that he expects all of the saloon keepers in the county to follow the custom of the last two years and close their bars on Christmas Day.

The precedent has proved to be a most commendable innovation here and Christmas has been made a happier day for scores of homes by reason of it.

Irish Tom On Rampage: Irish Tom, accompanied by his bosom friend, John Barleycorn, was out on a rampage again on Monday night and managed to destroy some property at the Gettysburg Department Store and cause considerable excitement before he was captured by Constable John Shealer and placed where he would not suffer from cold and where he would have plenty of bread and water on which to subsist.

Bits Of News About Town: John F. Walter and his troupe started out on the road this morning for a two weeks trip. They will play "Carolina" the play produced by them in Walter's Theatre on Monday evening.

Plenty of Christmas trees, wreaths and holly berries are on sale in various parts of town. The trees are especially noticeable on the streets.

Henry Garlach, substitute carrier, and Jesse Snyder, substitute clerk, have taken up their work at the post office for the holiday rush which is now assuming large proportions.

Ice on streams and ponds has taken youthful Gettysburgians and youthful Adams countians out in the wintry air for skating. No sledding up to the present time and the market in sleds is slow.

In many parts of the county the schools will not close for a Christmas vacation, starting right in to work on Monday morning.

Our First Christmas Gift: William Stauffer, of route 1 Bigler, presented the editor with some fine apples Monday morning. The first Christmas gift of the season was much appreciated and enjoyed.

Today's Talk

DON'T BE A "YES, YES"-ER

Opinion is a common commodity. And every now and then, an unusual attainment.

If you have an opinion, get pretty well acquainted with it. And when you know it with all your heart, stick to it through thick and thin. For an opinion is somewhat like a friend—easily acquired but difficult to hold, unless you have something to hold it with.

The uninformed are the "Yes, Yes" folks. You meet them every day. Rather they meet you! They are always for you, excepting when they are against you. They like the crowd because they are the crowd. They "live, breathe and have their being" by floating on top of the ideas, the initiative, the struggles, the sacrifices and the hardships of other people who have grown strong in well doing.

Oh, for some patent medicine, magic vitamin pill, or something to make people be themselves and think for themselves—and have the courage to disagree—to be somebody.

The writing hand of history has always expurgated the expressions of the "Yes, Yes" people. But bear this in mind, and write it "upon the tablet of your heart," that you are always right until you are proved wrong, beyond a doubt of your own. Even though a thousand or a million bear witness against you, still may you be right.

Another thing: Your solitary stand for the right, though a dozen more rockets reach the moon, may yet, in the afterlife, move mountains and gather multitudes to your standard.

Just stay away from the "Yes, Yes"-ers!

Tomorrow Mr. Adams will talk on the subject: "The Value of Disadvantages"

Just Folks

MOTHER'S IDEA
About this time of year come back the thoughts of dear old mother,
Who loved the Christmas season better far than any other;
And again I hear her saying in a voice I can't forget,
For the sweetness of it lingers in my memory even yet:
"We must make the children happy; we must have a Christmas tree;
Spend your money on the little ones, and don't you think of me."

Every year she used to say it when our shopping lists we made;
Used to every year remind us, for she always seemed afraid
That we didn't have the money to do all we'd like to do,
And that maybe we were worried, or would be when all was through;
So she'd call us all together, say: "I want you to agree
To spend upon the children what you're going to spend for me."

God bless you, dear old mother, with the Christmas drawing near,
You are smiling at me sweetly, and again your voice I hear;
And I find that I'm repeating to the loved ones that I know
The lesson that you taught me in the days of Long Ago.
"We must make the children happy; let their day a glad one be;
Spend the money on the little ones, and don't you think of me."

Santa and the ICE KING

by LUCRECE HUDGINS BEALE

SYNOPSIS: Santa's attempt to make a match between the Sun Daughter and the Ice King failed miserably. In anger and shame, the Ice King is determined to go back to his castle to grind out more winter.

Chapter Fourteen

ONE MORE TRY

"What will we do?" whispered Onik as the sled flew away. "The Ice King will never stop making winter now."

"We'll make one more try," said Santa. "This one I think will do."

"Who is she?" asked Onik. "The Ice Queen of the South," said Santa.

"I didn't know there was such a one!" exclaimed Onik.

"Oh, yes," said Santa. "She lives at the South Pole where, I have heard, it is colder by far than at our home in the North."

The Ice King had buried his head in the polar bear's fur to hide his tears of shame and sorrow at being rejected by the Sun Daughter. As the reindeer sped towards the South Pole it grew colder and colder and the Ice King, thinking they were nearing home, raised his head and shouted gleefully, "I must have left my ice machine going full blast!"

The sled came down before a palace of ice. "What is this?" cried the King. "This isn't my home."

"It is the South Pole," replied Santa. "The Ice Queen lives here. I have brought you to ask for her hand."

"Never!" roared the king. "I told you I would never humble myself again. Everyone hates me and I hate everyone and that's the end of that." And he threw himself down beside the polar bear and refused to budge an inch.

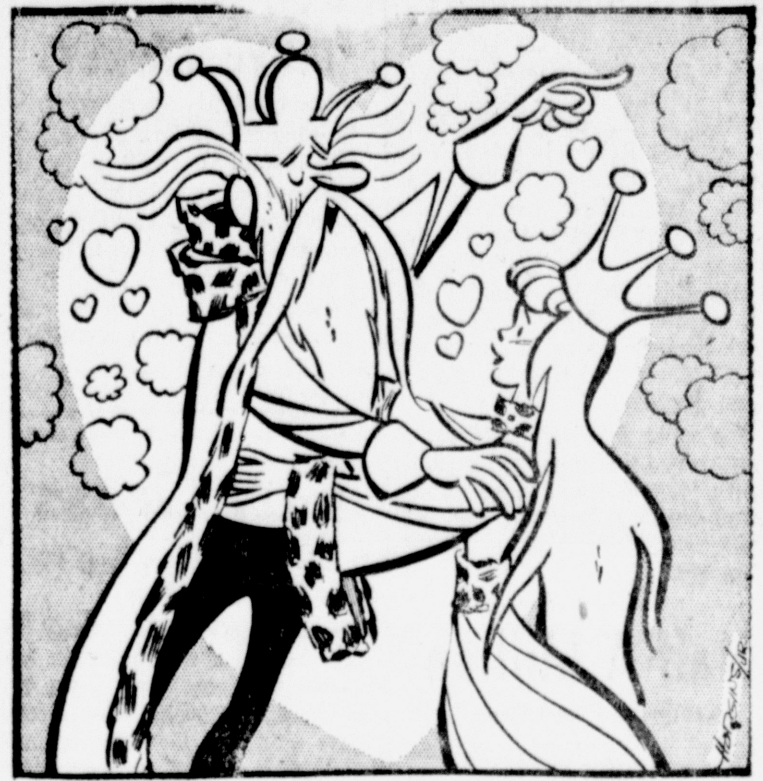

Santa left him there and went into the Ice Queen's palace.

Now the Ice Queen's palace was just like the Ice King's castle. Everything was made of ice and far above Santa could hear the same grinding, clattering noise he had heard at the King's home. Santa went up a winding icy staircase and found the Ice Queen energetically working her ice machines and pumping her wind bellows.

But this was as it should be for at the South Pole winter always came in June and July and August and when December, January and February came, the Ice Queen would stop her work for it would be summertime in her upside down world.

Sanat had to holler to make himself heard over the noise. "I've brought you a suitor!" he bellowed.

The Ice Queen stopped pounding and pumping. She turned and

"Fly with me to the North," said the Ice King.

stared at Santa. She was tall and regal looking and she too had icicles in her hair and frost on her eyebrows.

"A suitor?" she exclaimed blushing. "What nonsense! Who would ever want to marry me?"

"He's in my sled," said Santa. "Come and see."

Picking up her icy skirts the Ice Queen rushed down the stairs and out to the sled. There was

SAY DEMS FAIL IN CONGRESS

WASHINGTON (AP)—The National Committee for an Effective Congress says the Democrats in Congress should provide more leadership.

The committee, which calls itself a nonpartisan citizens' group, said Democratic chances in the 1960 elections may depend on the record of next year's Congress. Those chances could be bleak, it added.

With Republicans laying claim to peace and prosperity, the group said that whether any Democrat can be elected to the presidency depends on whether the Democratic-controlled Congress seriously challenges the administration with a program of its own.

The committee, which emphasizes liberal views and "world mindedness," suggested that a special Senate committee be created to "raise the level" of congressional consideration of U.S. strategy.

MINEOLA, N.Y. (AP)—When detectives questioned John E. Whitfield about a tavern burglary, he raised his hands to protest his innocence. Down slipped his trousers. Officers found in his pockets \$20 in coins weighing down his beltless trousers. He admitted taking the money from a bar and was held Sunday for grand jury action.

EXTRA COIN MACHINES TO BE SEIZED

PITTSBURGH (AP)—Barring a U. S. Supreme Court stay of execution, multiple-coin pinball machines will be seized and confiscated after Jan. 1, says Atty. Gen. Anne X. Alpern.

Atty. Gen. Alpern's announcement Monday came several hours after the State Supreme Court refused to hear arguments on its opinion that the machines are gambling devices and illegal.

However, the court will hold records of the case pending a possible appeal of its decision to the U. S. Supreme Court. Anthony Valcante, attorney for owners of the machines, said he will appeal to the high tribunal.

Multiple-coin pinball machines are those in which extra coins can be inserted to increase odds on a game. The state court order has no effect on other pinball machines, although Miss Alpern said the single coin machines also are illegal.

Cavalcante said he would begin preparing the case for the U. S. Supreme Court as soon as the State Supreme Court's opinion reaches him.

Cavalcante said the appeal will be based on due process of law, which he said was denied in the case.

Shah Of Iran Weds Third Bride; Hoping For A Son

By JOSEPH DYNAN
TEHRAN, Iran (AP)—Pretty young Farah Diba became the new Queen of Iran Monday amid hopes that she will provide a son and heir for the throne.

With radiant smiles the 21-year-old brunette with brown eyes and light olive complexion married Shah Mohammed Rezi Pahlavi in a Moslem ritual in the marble palace.

She thus became Queen Farah Pahlavi.

It was the first marriage for the young Iranian commoner, who until recently was a student in architecture in Paris. It was the third marriage for the Shah, who at 40 still hopes for a son to succeed him.

Pearl Gray Gown

The couple sat and stood through a Moslem ceremony and the signing of the marriage contract in the glittering Hall of Mirrors. Members of the family, members of the government and their wives and the diplomatic corps of Teheran look on.

The bride wore a flowing bluish, pearl gray wedding gown. Farah forsook the traditional white in favor of a shade specially designed for her by Yves Saint Laurent, head of the Paris house of Dior. The shade is just a bit off white in pearl grey with a slight tinge of blue.

The Shah wore a full ceremonial dress of dark imperial blue trousers and a navy blue coat covered with medals.

The capital was in a gay, festive spirit. Flags flapped in the breeze. Many buildings were decorated with bunting and the national colors.

The Shah divorced his first two wives because they failed to bear him an heir to the throne. The first wife, an Egyptian princess, bore him a daughter, Princess Shamsa.

He divorced Queen Soraya 20 months ago after a childless but

obviously happy marriage. The red-haired Iranian beauty now lives in Europe.

Speaking to newsmen Sunday, the Shah explained that, aside from human reasons, he is marrying Farah for reasons "of a monarchical order." Iran's constitution requires that the successor to the throne be a male, and the Shah has no son.

The throne itself is ancient and rich in history—but the Shah's family is not. His father, Reza Khan, was a rough army officer who seized power in 1921 and had himself crowned Shah - in - Shah (King of Kings) four years later.

A Shah without an heir is obviously not as secure as a monarch whose line of succession is clearly fixed. The Shah himself has openly acknowledged the possibility of assassination. The absence of an heir in such a situation would be an invitation to political chaos.

The marriage rites were surrounded by the ornate splendor of ancient Persia.

The scene of the ceremony was the Shah's office, known as the Mosaic Room.

The couple will start their honeymoon in a few days on the Caspian Sea. They plan a trip early next year to Pakistan and later to Europe.

Some people are more critical of cars than others, and they are the ones we want specially to drive the solid new Plymouth.

This car is built a new solid way by Chrysler Corporation engineers. It simply doesn't have many parts that work loose and need fixing in some cars. We'd like to answer some questions about this car now:

- Q. What is this new way of building?**
- A. Chrysler Corporation's virtually trouble-free version of unit construction. Body and undersills are joined in a single unit of enormous strength, locked by close to 5400 welds. In Dura-Quiet Unibody, there is no frame and no conventional body bolts, struts, braces, etc., to loosen and rattle.
- Q. What about power and performance?**
- A. There's the new 30-D Economy Six, a new "inclined" six that delivers outstanding economy in normal driving. The standard V-8 is the Fury V-800 which three times in a row topped its class in the Mobilgas Economy Run. Or you may choose the extra-cost SonoRamic Commando V-8.
- If you ask us, this is the best built, best performing low-price car of all. Give it a real try soon, won't you?

A Chrysler-engineered product, built a new solid way to give you solid satisfaction.

CINCINNATI'S BEARCATS AT TOP IN AP POLL

By THE ASSOCIATED PRESS

Undeclared Cincinnati, called by some coaches as the "finest college team ever assembled," is the No. 1 college team in the nation. Sports writers and broadcasters participating in the Associated Press' first weekly poll of the season, gave the Bearcats a wide margin over the rest of the field Monday, giving them 55 of the 120 first place votes. In the point score, the Bearcats received 956 points to 820 for runner-up West Virginia, which drew 30 first place votes.

Following the two pace setters were Ohio State, California, Bradley, Utah, St. Louis, Georgia Tech, Indiana and Illinois, in order. Six of the top ten are undefeated. Ohio State and Georgia Tech tasted defeat for the first time Monday night. The Buckeyes bowed to Utah 97-92 and the Engineers were beaten by SMU 70-71.

Cincinnati, averaging better than 100 points a game in five straight victories, meets fifth-ranked Bradley tonight before competing in the ECAC Holiday Festival in Madison Square Garden beginning Saturday. Other top ten teams scheduled tonight include seventh-ranked St. Louis (6-2) against Kansas, third-ranked Ohio State (6-1) vs. Brigham Young, eighth-ranked Georgia Tech (6-1) vs. Texas Tech, and ninth-ranked Indiana (4-1) vs. Butler.

West Virginia (8-0) won't see action until it goes into the Los Angeles Holiday Festival next Monday but fourth-ranked California (5-0) has a big game against a strong Michigan State team Wednesday. Utah and Indiana also play Wednesday. The Utes will meet College of the Pacific and the Hoosiers will face Butler. Favorites fell by the wayside in Monday night's action but 10th-ranked Illinois managed to keep its slate clean, nipping Oklahoma 60-57 in overtime. The biggest upset was perpetrated by Brigham Young which defeated Michigan State 79-75.

UCLA edged Minnesota 73-72. Wisconsin topped favored Stanford 61-60. Providence took a 62-60 decision from Santa Clara. Denver beat Michigan 71-65. Creighton won over Seattle 77-70 and Miami of Florida beat Miami of Ohio for the first time in four years, 83-78.

Utah, led by Billy (The Hill) McGill, led Ohio State all the way in racking up its seventh victory without a defeat. The sixth-ranked Redskins led at halftime 49-44. The 6,000 fans in the Ute Fieldhouse went wild as the 6-9 McGill scored 31 points. Scoring honors, however, went to Jerry Lucas of Ohio State. The 6-8 sophomore sensation netted 32 points.

HEARING TODAY IN BRIBE CASE AT PITTSBURGH

PITTSBURGH (AP)—A preliminary hearing was set for this afternoon for Dr. Edward H. Sebastian, Pittsburgh dentist charged with attempting to bribe two University of Pittsburgh basketball players.

Dr. Sebastian, former dental instructor at Pitt, was arrested Monday following an investigation of statements by John Fridley, 20-year-old defensive star of the Pitt Panthers, and teammate Dick Falenski, 21, the team's leading scorer.

Fridley and Falenski, both juniors, told university officials Dr. Sebastian offered them scholarships to Pitt's dental school, and to pay them 50 per cent of bet winnings if they would keep Pitt's victory margins within betting range.

Reported Bribe Offer
Dr. Sebastian denied the charges, saying, "everything we discussed, he (Fridley) started." The investigation began Dec. 11 when Fridley and Falenski, on the advice of their parents, reported to University Athletic Director Frank Carver that they were offered a bribe.

Fridley told detectives he met with Dr. Sebastian separately Dec. 3 and Dec. 9. He said Falenski was with him in a meeting Dec. 10, and that it was then Dr. Sebastian gave his pitch.

He "offered us the world—anything that came to his mind he said he'd get us—cars at cost and everything," Fridley said.

Falenski, who has been averaging 17 points a game, said: "Our grades aren't up to snuff, but he said he'd fix everything—get us senatorial scholarships and guarantee we got into dental school."

Both players said they refused to have anything to do with the offer.

50 Thoroughbreds In \$100,000 Race

MIAMI, Fla. (AP)—Fifty thoroughbreds, headed by champion Sword Dancer, have been nominated for the \$100,000 added Widener Handicap at Hialeah Feb. 20.

The 23rd running of the winter's first hundred grand handicap drew 24 foreign-breds, representing England, Ireland, France, Argentina, Venezuela, New Zealand and Australia. The race is at a mile and a quarter.

Sword Dancer, Mrs. Isabel Dodge Sloane's Brookmeade Stable star, was champion 3-year-old in 1959 when he won \$537,004. He won six stakes and is now in training at Hialeah.

Other standout American horses nominated include Bald Eagle, Easy Spur, Terra Firma, Talent Show, Dunce, On-and-On, Air Pilot, Open View, and Royal Orbit.

Following the two pace setters were Ohio State, California, Bradley, Utah, St. Louis, Georgia Tech, Indiana and Illinois, in order. Six of the top ten are undefeated. Ohio State and Georgia Tech tasted defeat for the first time Monday night. The Buckeyes bowed to Utah 97-92 and the Engineers were beaten by SMU 70-71.

PIRATES TRADE RON KLINE TO CARDS FOR TWO

PITTSBURGH (AP)—Fans took a second look today at the Pittsburgh Pirate swap of a front line pitcher to the St. Louis Cardinals for a line-drive hitting outfielder and an unproven hurler and wondered if there's more to come.

Joe L. Brown, Pirate general manager, interrupted a Florida vacation Monday to trade right-hander Ron Kline for outfielder Gino Cimoli and pitcher Tom Cheney.

It was the first major player deal involving the Pirates since the 1959 season. It didn't produce the long ball hitter Pirate officials say is needed for the club to improve its 1959 fourth place finish.

Had 11-13 Record
Kline, from Calvary, Pa., won 14 and lost 18 in 1956. Last season he posted an 11-13 record, losing several games by one run decisions.

Cimoli, a San Francisco resident, has never realized a .300 batting average since breaking into the majors in 1956.

Cimoli's best year was a .293 average in 1957. Last year he hit .279. Cheney, of Morgan, Ga., spent most of last season in the minor league at Omaha. He posted a 5-6 record there. After being called up by the Cardinals late in the season he lost his only decision while appearing in 11 games.

COLTS RETURN TO WORK AFTER TWO-DAY REST

BALTIMORE (AP)—The Baltimore Colts returned to the practice field after a two-day rest today to prepare for their National Football League championship game here Sunday with the New York Giants.

Most of Baltimore seems more concerned with the rematch of last year's sudden-death Colts victory than with Christmas.

Lighted windows that used to spell out "Noel" in downtown buildings now say "Colts."

Everyone is giving opinions of making predictions. Joe Tereshinski, who scouted both teams for the Washington Redskins, got in the act Monday by rating the Colts a slight choice.

"Two things must be considered in making the Colts the favorites," said the former Redskins end. "Quarterback John Unitas needs a dry ball and a dry field, and the Baltimore fans with their whooping give the Colts an edge in their stadium."

The weatherman predicts a dry field, and there is no doubt the Colts fans will be on hand. Beside some 40,000 season ticket holders, 3,000 faithful stood in line most of Sunday night to gobble up 6,000 general admission tickets Monday morning. The rest of the tickets—some 11,000—went to the Giants and other league teams.

SCOTLAND TOPS FAIRFIELD HIGH

Fairfield High dropped its second straight Adams-Franklin League doubleheader to Scotland Monday evening at Fairfield, the varsity losing 61-42 after the junior varsity had bowed 42-11.

Coach Jack McAndrews' team gave the visiting Cadets all kinds of trouble in the first half and led at half time 21-20 but faded out in the last half when it was outscored 41-21.

Ten of 11 Scotland players scored with top honors going to Harry Dorsey who tabbed 14.

Joe McCauslin and George Wenschhoff sparked Fairfield with 17 and 10 points.

Fairfield will be idle until next Tuesday night when it meets the alumni.

DUNEDIN, Fla. (AP)—The Professional Golfers Assn. today announced the addition of 13 tournaments to the 1960 PGA tour and estimated the total prize money next year will top \$1,500,000.

Top prize money tournaments for the summer include the \$50,000 Motor City Open and the \$35,000 Milwaukee Open.

Harold Sargent, president of the PGA, said more than \$500 will be at stake during the winter tour and the spring and summer prizes should to the \$750,000.

CRASH CLOSES CANAL

WILMINGTON, Del. (AP)—A 3,000 ton Swedish freighter crashed into the Reedy Point Bridge over the Delaware and Chesapeake canal Monday night, damaging supports, twisting steelwork, and tearing loose a counter weight.

No injuries were reported. The freighter continued on to Baltimore from Philadelphia.

The coast Guard closed the canal to further traffic, fearing the bridge would collapse on passing ships.

ALEX BELL IS NAMED COACH AT VILLANOVA

Bell is a former Delone Catholic High School football ball coach and produced the finest Squire teams in the school history.

When Johnny Yovicsin was picked by Harvard University in 1957 as its head coach after a successful career at Gettysburg College, he selected Bell as one of his assistant coaches.

PHILADELPHIA (AP)—Villanova has hired Alex Bell, an end on the Wildcats' undefeated 1937 team, to coach it back into football prominence.

Bell, a former assistant at Villanova, has been end coach at Harvard since 1957.

He faced the job of leading the Wildcats from a 1-9 record to a winning season with optimism.

"I know it will be a tough job," he said, "but we'll work hard and see what we can do. The boys that carry over are pretty good and I understand there were some very good freshmen to supplement the varsity."

"Villanova always had terrific spirit when I played there and when I was coach. I hope that I can instill that spirit in the boys."

Bell plans to install a pro-type T-offense with the belly series, duke sweep series and rollouts. His 1960 schedule includes Marquette, Navy, College of the Pacific, Army and Rutgers.

The Rev. John J. Klekotka, president of Villanova, announced Bell's appointment Monday. He was signed to a three-year contract. Although salary terms were not disclosed, it is believed he will receive \$8,000 a year.

Bell replaces Joe Rogers, an interim coach who said he turned down the permanent job because Villanova did not meet his terms. Rogers had replaced Frank Reagan, who resigned in mid-season.

LOMBARDI IS LABELED PRO COACH OF '59

NEW YORK (AP)—Vinnie Lombardi, in his first year as head coach of the Green Bay Packers, today was voted coach of the year by National Football League writers in the annual Associated Press poll.

The 45-year-old tactician, who once served as Red Blaik's backfield coach at West Point, guided his team to a third-place tie in the Western Conference with seven victories against five defeats.

Lombardi took over a team which had won only one game, lost 10 and tied one in Green Bay's poorest season in 40 years of professional football.

The little man with the build of a blacksmith steered his team to victories in its first three games. He was carried off the field by his players after their opening game triumph over the Chicago Bears.

Lombardi won in a landslide. He received 29 of the 37 votes cast with four votes going to Jim Lee Howell of the New York Giants and two each going to Weeb Ewbank of Baltimore and Red Hickery of San Francisco. Ewbank earned the award last year.

Lombardi took over as coach and general manager of the Packers last winter after five years as offensive coach with the Giants. He succeeded Ray (Scooter) McLain as head coach and Verne Lewellen as general manager.

Lombardi, who first gained attention in football as a guard at Fordham and was one of the "seven blocks of granite" in Fordham's glory days, made a remarkable metamorphosis at Green Bay. He revamped the team almost completely, instilled morale and buoyed up the spirit.

He traded for or acquired eight players from rival teams. He installed five rookies, and picked up two veterans who returned from the service.

Paul Hornung found himself under Lombardi. After two seasons as quarterback and fullback, the former Notre Dame All-American was switched to left halfback and became the key to Green Bay's offense. He led the league in scoring with 94 points. Lombardi also established Jim Taylor, a second-year man from LSU, as his regular fullback. The youngster proved a devastating runner after recovering from an injury.

The Huskies, who have taken up pre-game residence in Long Beach, had to drill on a damp turf Monday. Rain had fallen during the night.

Inform that more unsettled weather could mar the double session scheduled for today. Owens looked up the harbor master and made arrangements to use a vacant warehouse—just in case.

Owens is understandably concerned about conditioning. Rain was a problem in Seattle, too, and the team didn't get in as much work as the coach wanted before flying south.

The Wisconsin Badgers, quartered in Pasadena, aren't so worried. They got in some good licks in Madison and plan only one-a-day drills today and Wednesday anyway. The Badgers are using the East Los Angeles Junior College field for their warmups. This afternoon they were to tour Universal Studios. A trip to Disneyland is on tap Wednesday.

Giants Drilling On Frozen Field

NEW YORK (AP)—The New York Giants began their final week of preparations for the National Football League title game with the Baltimore Colts today on a frozen, snow crusted Yankee Stadium turf happy with the fact that halfback Alex Webster is expected to be at full strength for the game.

Webster has been suffering from a bruised back that kept him out of the final game against Washington. He was the only regular in questionable shape for the battle with the Western Conference champions at Baltimore this Sunday.

But Coach Jim Lee Howell fully expects his hard-running halfback to be ready.

HORVATH LEAD IS SHOT DOWN

MONTREAL (AP)—Bronco Horvath's once-mighty lead in the National Hockey League scoring race all but disappeared last week as the big guns of other teams lined up behind him at one-point intervals.

Official scoring statistics released today showed the Boston Bruins' center still on top with 21 goals—tops in that department—and 18 assists for 39 points.

One point behind was the Chicago Black Hawks' Bobby Hull, who collected four goals and two assists in his team's three games last week to raise his total to 19-19-38. The spurge lifted him out of a fourth-place tie.

Horvath played in both Boston games but suffered through his first pointless week of the season. In front since Nov. 3, he held seven-point leads at two different stages.

Andy Bathgate, of New York, second a week ago, scored a goal and two assists but dropped to third with 37 points on 13 goals and a league-leading total of 24 assists.

The Montreal Canadiens' Jean Beliveau held on to fourth place with two goals and two assists to bring his record to 18-18-36.

RICKEY TALKS IN DALLAS ON THIRD LEAGUE

DALLAS (AP)—Branch Rickey, the patriarch of baseball, has told Dallas and Fort Worth the Continental League, which he heads, is their only chance at the major leagues.

He proclaimed the aims and objectives of the third big league at a luncheon of 200 business and civic leaders of the area Monday, then said he would wait for them to raise the money that would make Dallas-Fort Worth the seventh club of the Continental League.

But the time is short, he warned. The Continental must have its eight clubs by Jan. 10. Dallas-Fort Worth, Montreal and Buffalo are the cities from which the seventh and eighth clubs will come.

Rickey, 56 years in the big leagues, said the American and National Leagues would never expand. "It never was intended," he declared, in pointing out harassing acts of the majors which he said were designed to prevent the Continental getting off the ground.

But, he added, the big leagues had finally been forced to announce they would not expand. And that paved the way for the Continental to make its move. He also said that he now believed the American and National Leagues would offer no opposition to the creation of a third major league. He set 1961 as the date the Continental would begin operations.

ROSE BOWLERS DRILL IN WEST

PASADENA, Calif. (AP)—Both Rose Bowl teams planned workouts today and Washington Coach Jim Owens said he'd call on the Long Beach harbor master, if necessary, to be sure he got a practice session.

The Huskies, who have taken up pre-game residence in Long Beach, had to drill on a damp turf Monday. Rain had fallen during the night.

Inform that more unsettled weather could mar the double session scheduled for today. Owens looked up the harbor master and made arrangements to use a vacant warehouse—just in case.

Owens is understandably concerned about conditioning. Rain was a problem in Seattle, too, and the team didn't get in as much work as the coach wanted before flying south.

ROY COHN TO MAKE HIS BIG PITCH TODAY

By ED CORRIGAN

Associated Press Sports Writer
NEW YORK (AP)—Roy Cohn was ready to make his big pitch today before the New York State Athletic Commission for a license to promote the return Ingemar Johansson-Floyd Patterson heavyweight championship fight.

At the moment, Cohn has the field pretty much to himself. He has bought out Vincent Vellella's controlling interest in Rosensohn Enterprises, which holds the return bout contracts. He shelved out—with the help of his 10-man syndicate—\$150,000 for the two-thirds interest.

He hopes to buy out Bill Rosensohn's other one-third interest before long.

No License Today
"We talked about it yesterday," Rosensohn said, "and we may get together again today. We're not too far apart in price. It's possible the transaction will be completed soon."

One thing is certain: Cohn and Co. won't get a license today. The State Athletic Commission has its fingers burned in the aftermath of the first fight last June 26 in which Johansson won the crown.

If Cohn and his group are elected, they plan to stage the bout in the Yankee Stadium here in June. Humbert (Jack) Fugazy, who used to run boxing shows in the 1920s, will be the promoter.

Very Optimistic
Fugazy, 72, is brimming with optimism.

"After our organization closes the stock deal with Rosensohn and gets a license from the commission," he enthused, "some of us may go over to Sweden and get things straightened out with Johansson. I think the rematch will draw \$1,500,000 at the gate."

Cohn, is said to have been in touch by telephone by Edwin Ahlquist, Johansson's adviser. Ahlquist and Ahlquist have insisted the new promoter be beyond reproach and the commission undoubtedly will want to know if Cohn has the approval of the champion.

Springfield's Big 3 In Lead

NEW YORK (AP)—Springfield's big three of Floyd Smith, Bill Sweeney and Art Stratton has the American Hockey League scoring statistics all to themselves today. The trio rank 1-2-3 in scoring. Sweeney leads in goals with 19 and Stratton has the most assists with 33. However Smith is the top point scorer with 48 on 17 goals and 31 assists.

Sweeney has 44 points with 25 assists added to his goals and Stratton has scored 10 times for a total of 43 points.

Hershey's Willie Marshall is in fourth place with 37 points and Providence's Earl Reibel and Lorne Davis both have 34.

PITT PLAYERS REPORT BRIBE

By HANK MULLEN

PITTSBURGH (AP)—Dr. Edward Sebastian, a Pittsburgh dentist, faces charges of attempting to bribe two University of Pittsburgh basketball players.

Dr. Sebastian, former dental instructor at Pitt, was arrested Monday following an investigation of statements by John Fridley, 20-year-old defensive star of the Pitt Panthers, and teammate Dick Falenski, 21, the team's leading scorer.

Fridley and Falenski, both juniors, told university officials Dr. Sebastian offered them scholarships to Pitt's dental school, and to pay them 50 percent of bet winnings if they would keep Pitt's victory margins within betting range.

Dr. Sebastian denied the charges, saying, "Everything we discussed, he (Fridley) started."

A preliminary hearing was set for Wednesday.

DECISION DAY APPROACHING FOR "ROCKY"

Editor's Note — Pulitzer Prize winner Relman Morin, who accompanied New York Gov. Nelson A. Rockefeller on his recent 5,636-mile tour of seven states, here gives his impressions of some of the factors involved in the big question: Will Rockefeller challenge Vice President Nixon for the Republican presidential nomination?

By RELMAN MORIN

NEW YORK (AP) — D-Day is approaching for Gov. Nelson A. Rockefeller, his day of decision on whether to challenge Vice President Richard M. Nixon for the Republican presidential nomination in 1960.

Rockefeller is expected to announce his decision soon after the New Year weekend.

If it is "yes," he may at the same time authorize a group of supporters, waiting in New Hampshire, to enter him in the state primary election March 8.

Eisenhower first routed the forces of the late Sen. Robert A. Taft. Now, New Hampshire may bring the first test of strength between Nixon and Rockefeller.

Many observers, eyeing Rockefeller's recent travels and tactics, believe he already has decided to try for the nomination.

He says he hasn't.

"I'm simply registering impressions," he says. "When I have all the possible facts, I will make up my mind. But not before."

Not In V.P. Race

What he has decided, he usually adds, is that in no circumstances will he be the GOP candidate for vice president. In a Miami television interview, the governor said that if he decided to seek the presidency he'd be delighted to have Nixon run for vice president again.

Without question, Rockefeller would like to be president. He has definite views on foreign and domestic problems confronting the United States. He would like to be in the White House, not merely for the honor, but to try to translate these ideas into national policy.

The governor has just returned from 5,636 miles of travel through Indiana, Missouri, Minnesota, Wisconsin, Oklahoma, Texas and Florida. A month ago, he went to California, Oregon, Washington and Idaho.

70 Per Cent For Nixon

Politically, he found much the same pattern everywhere—a majority of GOP officers openly favorable to Nixon for the nomination. They received him with varying degrees of friendliness, from coolness to hearty admiration. Many studied him with a calculating eye.

Rockefeller himself estimated "perhaps 70 per cent" of the GOP captains and lieutenants are for Nixon.

However, ending the last tour in Miami, Fla., he said he was "very pleased" with what he encountered on the two trips. Earlier, he said that in virtually every state he visited, he found Republicans who told him they would support him if he goes for the nomination.

Has Personal Charm

Another pattern repeated itself, in some degree, in each state, too. Rockefeller was merely a name and a photograph in the newspapers to many Republicans when he came into a state. Party workers told reporters, "We know Nixon. He's often been here and we've broken bread with him. We don't know Rockefeller."

Then they saw the governor in action.

One of his greatest assets—although he doesn't like to be re-

mind of it—is his high-energy personal charm. He seems to have charmed a great many Republicans who, prior to meeting him, felt firmly anchored to Nixon.

Impressed Many

A Rockefeller backer in Oklahoma quoted the state chairman there as saying, after meeting the governor, "I'm still for Nixon, but I'd better stop listening to this guy."

Whether Rockefeller actually won any Republicans away from Nixon is almost impossible to know. But obviously he impressed a great many—and set them talking about a Nixon-Rockefeller alignment as the "dream ticket."

Rockefeller was smiling and he looked confident when he ended his latest exploration trip. But he was inscrutable as ever about his intentions. Does that mean he will challenge Nixon?

"Well," said a Republican leader, "after all this travelling and hard work, it will be mighty strange if he doesn't."

came as antigovernment violence flared in the capital.

In a television speech of almost three hours — his fifth public speech in seven days—Castro Sunday night told the Cuban people the next session of his cabinet will pass laws stripping all property from persons convicted of counterrevolutionary activities.

Tells Of Loss

"They will lose their money, their houses and their lands," he thundered. Castro spoke at a packed meeting of the commercial workers and barbers unions.

He accused the rich of fomenting a counterrevolution and an invasion from abroad to regain their privileged status.

Castro said a system of informers is operating throughout Cuba to point out the enemies of his revolution.

Castro also moved Cuba closer to full nationalization of agriculture by signing checks to buy all the sisal plantations owned by Cubans. The government took them over and announced the nation's sugar fields will be seized next.

MUNICH, Germany (AP)—Two explosions rocked the living quarters of a group of Russian exiles early Monday. All the residents were away and nobody was hurt.

Munich police after an initial investigation said they believed bombs were thrown by Communist agents, but they were not sure whether the Reds wanted to scare the Russian emigrants or meant to kill them.

U. S. COMMIES ARE OPTIMISTIC

WASHINGTON (AP)— FBI Director J. Edgar Hoover says the American Communist party is filled with optimism and confidence.

The reason: "Blindness and lethargy toward the threat posed by subversive organizations have reached dangerous proportions in many areas."

In his year-end report Sunday to Atty. Gen. William P. Rogers, Hoover said that pro-Soviet elements have further strengthened their hold on the Communist party in the United States.

Done At Convention

This was done, he said, at the recent national convention of the party in New York.

In another section of the report, Hoover said bank robbers had a banner year in 1959. A record would be set in 1959 of 10 per cent more than the mark of 704 bank robberies in 1958, he said.

Hoover also told Rogers that many FBI achievements this year came because of help from confidential informants and other citizens.

MANY FOLK BEING KIND AT CHRISTMAS

PHILADELPHIA (AP)—“Just for a few hours on Christmas Eve and Christmas Day the stupid, harsh mechanism of the world runs down and we permit ourselves to live according to untrammelled common sense, the unconquerable efficiency of good will.”

So wrote Christopher Morley, the novelist and essayist, many years ago. Much has happened since to make some people doubt the validity of widespread good-will even at this time of the year.

Yet not an hour of any of these holidays passes that the cynical and the skeptical are not confounded by examples of human warmth, comforting specimens of unselfishness, and little inspirational touches.

Party At Hospital
On one of the busiest spots in midcity Philadelphia a Salvation Army Santa Claus never fails not only to thank but to shake the hand of every contributor.

The employees of a motor sales company here gave up plans for an office party. Instead, they are entertaining 50 children from a Catholic school.

A Philadelphia woman, Mrs. Rebecca Fields, was so thankful for pulling through a serious illness many years ago that she vowed to think more of others, to visit the sick in her spare time, and to help with money all she could. All through the year, every year, she has done this. But Christmas is very special. And although any thing but wealthy, she gives an annual holiday time party at Philadelphia general hospital, spending up to \$250 on gifts and refreshments.

Help Instead Of Greetings

A few years ago, Mrs. Jean Mather, a secretary at Wyeth Laboratories in suburban Radnor, went around to the other employees in her department with a suggestion that money spent every year on greeting cards among themselves should go to charity instead.

The idea caught on throughout the plant. Each year so far about \$1,250 has been turned over to the needy people. This year it is expected that perhaps as much as \$1,600 will be distributed in this way.

SUGGESTS NEW GOAL FOR 1960 CAREER GIRLS

By DOROTHY ROE
Associated Pres. Women's Editor

A new goal for ambitious career girls of the 1960s might be to quit the career cold and marry a rising young politician, Washington-bound.

There's a growing trend these days for women to revert to their traditional role of wife, mother and hostess, instead of beating their brains out in the competitive business world. This is seen in the spiraling number of youthful marriages, the return of big families, the importance placed by corporations on the social abilities of the wives of their executives.

Royal Women Powerful

The most powerful women throughout history have been the girls behind the thrones, such as the Pompadours and the du Barries. And in modern times we have our own Duchess of Windsor and Princess Grace of Monaco, not forgetting such Washington hostesses as Perle Mesta, Mrs. Morris Cafritz, Marjorie Post May and the late Evelyn Walsh McLean. Often the course of history is shaped at a Washington cocktail party or dinner, where an astute hostess brings together skittish ambassadors and heads of state, who shy from formal discussions across a conference table but are willing to discuss their differences over a dry martini.

Hostess Responsibility

A young congressman's wife, with the proper financial and social assets, could become the new "hostess with the mostest" of the new generation in Washington. She would have to cultivate a flair for the unusual and a talent for selecting the proper inflammatory

sylvania cities are doing much the same thing.

Other Examples

A Montgomery County woman, who prefers to do good by stealth and therefore doesn't want her name used, spends much of her Christmas season taking elderly people around in her car to see the sights. Earlier in the month the Philadelphia Junior Chamber of Commerce took 725 poor children on a shopping spree. Each child had \$5 to buy what he would. Servicemen and veterans organizations have been sponsoring parties for small fry all months long.

A boys and girls club in the Nicetown section of Philadelphia is taking baskets of food and other gifts to older people whose sparse lives need a bit of cheering up. In nearly every large city of the state can be found at least one restaurant owner who will serve Christmas dinner to those who can't pay.

State Will Sell Foss' Birthplace

CANDIA, N.H. (AP)—The statutes are written in more severe meter than that employed by the late poet Samuel Walter Foss, who penned:

"Let me live in a house by the side of the road
"And be a friend of man."

That house, Foss' birthplace and inspiration of the often quoted lines, faces sale—to satisfy claims of the State Welfare Department.

The last occupant-owner, a widow of 90, died a year ago.

Foss died about 50 years ago.

The Welfare Department had met taxes and repairs, but the property—a two-story farmhouse and extensive farm buildings on some 20 acres—has deteriorated extensively. The department seeks \$2,000.

No heir has put in a claim for the property which has a far higher estimated value than the amount of the lien.

NEW BOARDS ARE CREATED

HARRISBURG (AP)—Gov. Lawrence Monday signed legislation creating new boards and advisory committees in the Public Welfare Department.

Lawrence said the changes represent another step toward completing the merger of the former departments of welfare and public assistance which became effective last year.

The governor said the legislation will result in "greater efficiency through fuller coordination between the various services in the department."

The act creates a state board of public welfare with advisory committees for aging, blind, general and special hospitals, children and youth, public assistance, and mental health.

The committees replace six offices in the Welfare Department.

The legislation also give a statutory base to reimburse counties for part of the cost of child welfare services, a program previously carried out by appropriation only.

Dogs should not be bathed more than three or four times a year, says the American Humane Assn.

guests.

The scope of the next top hostess of Washington will be far greater than any of her predecessors. With the new vogue of personal diplomacy, world travel and forays into space, the universe will be her apple. She can send invitations for tea to all the world capitals, and have her guests arrive by jet, with plenty of time to spare. She'll be at home in the courts of all nations.

REJECT APPEAL FROM RULING ON COIN MACHINES

PITTSBURGH (AP)—The State Supreme Court announced Monday that it has turned down a request to hear new arguments on its decision that multiple-coin pinball machines are gambling devices and illegal.

Atty. Anthony Cavalcante of Uniontown, who filed the petition earlier this month, said he had received no official announcement from the state high court that his request was turned down.

"I cannot say how I will act until I get official word from the court," Cavalcante said.

Cavalcante filed the petition for re-argument after the State Supreme Court on Nov. 24 ruled 5-2 that pinball machines in which extra coins can be inserted to increase game odds are gambling devices.

A Fayette County Court first ruled the machines illegal. Later, the State Superior Court upheld the county court's ruling that multiple coin pinball machines are gambling devices and subject to seizure. The State Supreme Court's action followed.

The case had its origin in Fayette County where state police seized 17 such machines in a 1957 raid. Later the state police asked the county court for permission to destroy the machines.

CROPS, FRUIT VALUE FALLS

HARRISBURG (AP)—The State Crop Reporting Service estimates the value of principal crops and fruits grown in Pennsylvania this year at 312 million dollars—30 millions less than last year.

The agency said Sunday the major factor in the decrease was corn production, down 16 million dollars.

The figures represent total production, whether crops were sold or not. The value of unmarketed crops was estimated from average prices for the year.

The Agriculture Department agency also reported: Most major crops showed de-

creases in value of production although potatoes, peaches and apples showed substantial increases. Tobacco showed a slight increase and the value of grape production was the same.

Corn production was 78.6 million bushels, second largest crop ever grown in Pennsylvania, topped on last year. The decline in production was due to a drop in the average yield per acre.

Treat On Thursday

The children of the Emmitsburg District will receive their annual treat Thursday when the Christmas party sponsored by the Emmitsburg Lions Club will take place.

Activities will get under way Thursday morning, December 24, at 10 o'clock when the children will be treated to a movie in the VFW Annex. Should the attendance require a second showing, it will be presented at 11 o'clock. Following the free movie, luncheon will be served in the annex. After a two hour intermission in the program, permitting parents to do a bit of Christmas shopping, a parade will form at the Doughboy in the west end of town and proceed to the square where Santa will distribute candy and oranges to the children.

As has been the usual custom, the Emmitsburg Municipal Band will supply the music for the parade which will be led by Maryland State Police. Members of the Vigilant Hose Company met in the fire hall Sunday afternoon to hox the candy for the affair. The committee in charge of arrangements consists of the following Lions: Delbert Piper, Edward Fitzgerald, John J. Hollinger, Ralph F. Irelan, Joseph Sullivan and J. Ward Kerrigan. MAN CHARGED WITH MURDER IN SHOOTING

LANCASTER, Pa. (AP) — A murder charged was lodged Monday against Harry White for shooting his estranged wife, Natalie, after she refused to let him visit their three young children.

The shooting occurred Nov. 23. The 30-year-old woman died Saturday in Ephrata Community Hospital. The fatal shot had been fired through the window of Mrs. White's home in nearby Denver.

White, 35, held in Lancaster

County prison since the rifle shooting on a charge of felonious assault with intent to kill, was read the murder warrant Monday morning in his cell.

Filed With Justice

State Police Cpl. Harold Yost filed the warrant first with Justice of the Peace W. E. Burkholder of Ephrata. Then police went to the jail. A formal hearing will be held later, but no definite date was set. White has been behind bars since the shooting because of failure to raise bail.

The shooting occurred five days before a divorce suit filed by Mrs. White was to be heard in the Lancaster County Court.

Tells Of Boast

Capt. Benjamin O. Lichty, commander of the state police barracks here, said after White's arrest that the husband boasted during questioning that he was a crack shot with a rifle.

Lichty said that White had telephoned his wife and sought to see his children — Maxine Kay, 9; Madeline Lee 8, and Melinda Lou, 6—but apparently was told to stay away. Angered, White purchased rifle shells and went to a tavern. The police captain said White drank three quarts of beer "to bolster his courage to shoot his wife."

White shot twice. The first bullet missed, but the second struck the woman in the back of the head.

Both White and his wife worked in pretzel factories in Lancaster County. When the couple separated White moved to a home in nearby East Earl.

PAYOLA IN SCHOOLS

WESTBURY, N.Y. (AP)—Teachers here have been warned against students who try to curry favor with "Christmas payola."

Supt. of Schools Cecil I. Rice sent teachers a memorandum indicating they may accept gifts which represent love and respect. But, he added, "If a kid gives you a \$50 gift you're going to think a long time before you flunk that kid."

He left it to the teachers to decide which gifts are sincere and which are "payola."

It was Ralph Waldo Emerson, the American essayist and poet, who said: "I hate quotations! Tell me what YOU know!"

Thousands Of Spaniards Give Ike Roaring Ovation

By CARL HARTMAN
MADRID (AP) — Hundreds of thousands of cheering Spaniards Monday gave President Eisenhower the biggest welcome this country has roared out to a foreign visitor in modern times.

Flag-waving crowds lined the streets and hung from trees and jammed balconies as the President rode into Madrid with Francisco Franco at his side. Eisenhower is the first top Western leader to visit the Spanish dictator, who wore his generalissimo's uniform.

Spectators let loose one roar of cheers after another as Eisenhower, standing upright with outstretched arms, rode by in a bubble-top limousine.

Met By Franco

Eisenhower, making the next to last stop of his 11-nation tour, flew in at 4:21 p.m.

Franco, who had arrived at the airport 11 minutes before, stood with the President as the national anthems were played. Then he presented his daughter, the Marquesa de Villaverde, with her husband.

Franco considers this presidential visit a tribute to his support of the Western Allies against communism. It is a far cry from the atmosphere of a few years ago, when the United Nations held the Franco regime to be a menace to peace. Today the United States has some of its best forward bombing bases in Spain.

Symbol Of Friendship

In fact, Eisenhower landed at one of these bases near Madrid, and Franco in his welcome commented on that.

"This base of Torrejon, built with the formidable assistance of the United States, and sheltering both Spanish and American wings in close companionship, is a symbol of our friendship," Franco said.

Franco expressed hope Eisenhower's "epoch-making tour" would lead to a just and durable international order.

Eisenhower said his visit fulfills the ambition of almost a lifetime. He recalled that Spanish men and women had carried Spanish culture into America. He recalled that he was born in Texas, where Spanish explorers passed centuries ago.

Message Of Peace

"I have come here with a message from the American nation and people for the people of Spain, a message of wishes for a brilliant future and a cooperative effort for liberty and peace," Eisenhower said.

"I say to Spain and the Spanish people that we are working together for a world free of war and hunger and for peace, liberty and justice."

Then the two moved toward Franco's car for a short tour of the big air base before a triumphal drive through flagged Madrid, 10 miles to the west.

30-Mile Wind
A cold wind of nearly 30 miles an hour had spectators shivering.

On reaching the outskirts of the capital and the start of a six-lane highway, the President passed through the brand new Plaza del Presidente Eisenhower, named in honor of his visit. A monument is to be erected there.

From this circle to Madrid the highway was a mass of Spanish and American flags. One overpass had two gigantic portraits of Franco and Eisenhower.

Thick crowds lining the highway burst into cheers. This swelled to a roar as the motorcade drove into the city proper.

Jockey Bill Boland climaxed his apprentice year in 1949 by winning the Kentucky Derby with Middleground.

BLAME SOLONS FOR OBSTACLES IN ROAD WORK

HARRISBURG (AP) — Park H. Martin, state highways secretary, says much of the blame for deficiencies in Pennsylvania's federal aid highway program cited in a

federal report lies with the 1959 Legislature.

In a report to Congress, U. S. Comptroller General Joseph Campbell charged the Commonwealth with waste and delay in its federal aid road program, the Harrisburg Patriot-News reported Sunday.

Campbell cited these causes for delay, the Patriot-News said: Exclusive use of condemnation proceedings to acquire rights of way; an inadequate engineering staff that necessitated contracting for private engineering firms; and the

state's statutory highway size limit.

"I cannot quarrel too much with anything he has to say," Martin said.

Need Good Engineers

The secretary pointed out that the Republican-controlled Senate killed legislation to permit fee-simple purchases allowing acquisition of full title instead of condemnation and easements.

Campbell, the Patriot-News said, condemned exclusive use of condemnation proceedings results in

higher costs, delays and uneconomic practices in highway construction.

Martin said the Democratic-controlled House defeated a bill which would have extended legislative civil service to professional and technical state personnel now covered only by executive civil service.

Without legislative civil service protection, he said, it has been hard to recruit adequate numbers of good engineers.

TOXIC FUMES KILL CHILDREN

CHICAGO (AP) — Poisonous fumes from auto battery casings used as fuel were believed responsible today for the deaths of two children in a West Side neighborhood.

Nearly a score of other children and adults became ill, many Sunday night.

Police moved quickly, touring the neighborhood in cars equipped with loud speakers, to spread warnings against use of the discarded battery cases as fuel.

Lead Vapor Cause

The children, both of whom died last week, were Lorraine Edwards, 2, daughter of Mabel Edwards; and Johnnie Edwards, 18 months, son of Mr. and Mrs. George Edwards. Physicians said their deaths were caused by the inhalation of lead vapor.

Detectives said they learned that numerous persons in the area had been gathering up old battery cases from a vacant lot to use for fuel.

SALZBURG, Austria (AP)—The Czechoslovak consulate general said that Jaroslav Nemecek, accused of trying to poison staff members of the Munich office of Radio Free Europe, is on vacation and it is not known if he will ever return here.

The spokesman said Nemecek would spend Christmas in Czechoslovakia.

COPENHAGEN, Denmark (AP)—Seven Danes, including admitted Communist party members, were convicted Monday of serving as intelligence agents for East Germany and sentenced to prison terms ranging from 18 months to 5 years.

NEHRU REJECTS CHINA'S OFFER FOR MEETING

NEW DELHI, India (AP) — Prime Minister Nehru Monday rejected Red Chinese Premier Chou En-lai's offer to meet this week on the India-China border dispute.

The Indian leader told Parliament that he had replied to Peiping that preliminary discussions would be necessary to make a top-level conference worthwhile.

Chou had suggested in a letter a week ago that Nehru meet him next Saturday either in China or Rangoon, Burma, to discuss in detail the conflicting border claims.

The Chinese Premier had proposed both a meeting and that their forces 12 miles from their present positions — a line would leave the Communists still in control of thousands of miles of territory claimed by India.

Nehru described Chou's proposal as "merely a reiteration of claims to extensive areas in our territory." He called on Peiping for a fuller explanation of Chinese claims before meeting with Chou.

The Indian Prime Minister said "I do not see how any agreement can be reached" so long as the

basic positions are not clarified

Border Fuss Eases

WASHINGTON (AP) — Prime Minister Nehru of India sees some signs of an easing in the border dispute between his country and Communist China.

In a taped interview for CBS-TV "Face the Nation" Sunday, Nehru noted evidence that the Chinese may want to end the dispute peacefully.

"I must accept Mr. (foreign minister) Chou En-lai's word," Nehru said. "He says he wants to do so (end the dispute) and he has offered to meet me."

In another interview, copyrighted by the magazine U.S. News and World Report, Nehru said he believed that the Soviet Union was trying to restrain Red China from going too far in the dispute.

MILAN, Italy (AP)—Carlo Lombardo, internationally known Italian composer of operas who often teamed with Franz Lehár, died in a Milan clinic Sunday of a respiratory disorder. He was 90.

Lombardo wrote and composed about 80 operettas and musical comedies.

FRANKFURT, Germany (AP)—Francis Cardinal Spellman, Roman Catholic archbishop of New York, flew to Ankara Monday for the next stop on his annual Christmas tour of U.S. military posts abroad.

This year he is visiting American troops in West Germany, Turkey, Spain, Morocco and North Africa. He spent three days in West Germany.
